

KÄRCHER

makes a difference

MOBILITY AND PERFORMANCE ANYWHERE NEEDED.

The upright and ergonomic hot water pressure washer.

PROFESSIONAL | HDS UPRIGHT CLASS

HDS UPRIGHT CLASS

Mobility at its finest.

This high-performance, robust upright machine offers outstanding maneuverability, easy transport and intuitive operation. Ideal for tradesmen, commercial use and contract cleaners.

1 Ease of use

- Large, robust wheels that make it easy to transport over stairs and other uneven ground.
- Integrated tilting aid for effortless transport and cleaning.
- Optimally positioned handle allows for pushing and pulling with minimum effort.
- Easily accessible fuel tank for environmentally friendly filling without spilling.
- Central control panel features 3 modes (OFF/COLD/HOT).
- Safety lock prevents fuel loss during transport.
- Easy-to-view fuel level indicator makes it clear when a fill up is needed.

2 EASY!Force trigger gun

- EASY!Force technology holds the trigger down once you start it, avoiding the strain on your hands associated with other trigger guns.

3 Economic efficiency

- Hot water to 175°F/80°C significantly increases cleaning power with lower operating costs.
- Efficient heat exchanger for low exhaust emissions and minimal operating costs.
- Downdraft burner is 92% efficient and boasts 25% less fuel consumption.

4 Smart design

- A considerably reduced footprint allows for an easy fit even in the tightest storage space.
- Power cord hook for simple, practical and fast storage.
- Durable professional pump set with brass cylinder head delivers extra power and increased endurance.
- Large fine mesh filter reliably protects against dirt particle damage. Exhaust temperature sensor offers protection against overheating.
